What's Happening in Our District

Hello Again Folks, Well good news brings more great news.

“With over 1200 people in attendance and 20K in revenue for our club, this was one of our biggest events to date.” states Gabriola Lions Secretary Bill Moisuk

It was another memorable evening at the 12th Gabriola Lions Club "Concert-on-the-Green 2008", now an institution on the Island! By all measurements it was the most successful ever. Numbers in attendance on the golf driving range natural amphitheater, sheer enjoyment by the more than 1200 young and old, warm sun, record sponsorships, and funds raised for charity purposes on Gabriola Island.

The ABBA Cadabra group from Vancouver were superb entertainers, and by the end of the evening, the few who weren't dancing were vigorously tapping their toes. Sure, there was lots of work done by our Club members, but the afterglow of satisfaction was worth it.
